

Mission

The mission of Knowledge Point Network is to enhance those who utilize its unique family-oriented services for their own self-growth, self-healing, and in gaining tools to overcome adversity, and in structuring a network of individuals from all walks of life, especially military veterans, who build strong, supportive relationships for their whole lives.

Measures

We ensure "fellowship, family and fun" are top priorities through a variety of activities, workshops, and sharing sessions.

We augment the healing of Private & Public Lands through maintenance of any areas impacted by recreation with stewardship of the ecology.

We foster resilience in each individual cascading everywhere they arrive.

Veteran 365 Challenge

Ensure veterans and their families experience healing when utilizing private or public land knowing unconditional Multi-Use recreational access is certain 365 days a year.

Warriors need a mission bigger than themselves. As civilians we need to help redefine reasons for living.

KNOWLEDGE POINT NETWORK

Liberty Fellowship Stewardship

Fostering camaraderie, fellowship and fun we find purpose knowing all are served through our utilization and stewardship of public and private land with priority for combat veterans, essential workers and their families.

Off Road Track Chair Adventure

Donations are collected to fund the event based on depreciated cost of ownership.

Once the Track Chair Adventure budget accumulates, cost of ownership grants will be awarded quarterly

Participants will receive the following

A brief overview of the stewardship protocols required to ensure off-road venues and why erosion mitigation is vital.

The deeper into the forest the deeper the healing and the closer to the Heavenly Father.

Resulting stamina from proper exercise, diet and safety mindset.

“We answer why. We deliver what’s next.”

Freedom

We thrive as we overcome the compounding bureaucracy. We clarify what is eroding our freedoms and press forward. We are able to increase standards regardless of the chronic flooding created with weather events. Because the burden is relentless, we turn to our warriors for strategy. Veterans and essential workers are not ones to shy away from a challenge thus the Veteran 365 challenge was birthed. This relentless battle is fuel. Both those with a servant's heart and warriors know strength must come from within.

Recreational Ecosystem Management

Perhaps you're considering for the first time? Asking yourself what's in it for me? Fun, family, friends, camaraderie, fellowship, fitness and knowledge through experienced leadership skill development. What's the point? Learn more about what it means to be a volunteer. KPNUSA.com EIN # 85-0780542
