Confidence Booster

Great for adults! Great for kids! KPN provides free daily use of motorbikes (in sizes for adults to small children) and free training in how to ride them. So, you and your family can experience the greatness of exploring the trails in our public lands. You and your family will learn about government safety compliance, safe vehicle operation, and proper use of personal protective equipment.

Beginners receive step by step training, followed by a short test.

Individuals and families then begin riding the trails, slowly at first, then expanding the rides as your confidence grows.

KPN supplies all you need for the day's ride. You may also bring your own motorbikes and equipment.

KPN ensures you obtain the forms required by the USDA for riding in the forest. (KPN handles the cost (\$35), or you may donate the amount.) In addition, to avoid a large fine, we ensure you obtain a day pass, apply the OHV sticker, and wear your helmet. KPN further ensures you have a spark arrestor for your vehicle, required by law, and avoid the fine.

Our costs for maintaining these services is \$1,500. Your donation of any amount helps KPN continue the vital efforts for our veterans and families at no cost.

While others may hesitate at the forest's edge, our robust clients embrace the thrill of discovering what lies around each turn. With access to our motorized equipment and essential mapping skills, you and your loved ones can embark on a Track Chair Adventure, immersing yourselves in the wonders of nature. As you journey deeper into the forest, your sense of independence grows, fostering profound healing and personal growth. Join us and experience the transformative power of exploration.

Stewardship

Veterans and families!!! Stewardship teamwork builds camaraderie and freedom. Our forest trails need constant maintenance because of rain and natural erosion. You can be part of a team that works together to maintain the **motorized trails (MTM)**. You will be designated as a "Trail Maintainer" and receive considerable training in all that is needed to maintain the trails.

A little hard work goes a long way. Using tools ranging from shovels and hedge clippers to small bulldozers, the team makes a huge difference in not only the appearance of the trails but their safety for hikers, bikers, equestrians, and motorbike riders.

You will gain a larger sense of mission and the value of teamwork, giving, and grace. Come to the forest. Build your mission. Find a new sense of freedom in your life.

Our costs for maintaining these services is \$5,000. Your donation of any amount helps KPN continue the vital efforts for our veterans and families at no cost.
